

FIRST CIRCULAR

17th International Conference on Magnetic Fluids

Vienna, Austria
5–10 July 2026

Confirmed plenary speakers

Andrejs Cebers, Latvia
Roy Chantrell, U.K.
Matteo Cianchetti, Italy
Florence Gazeau, France
Juan de Vicente, Spain

Venue

University of Vienna,
Universitätsring 1, 1010 Wien,
Austria
Organising committee

Sofia Kantorovich (Chair)
Oksana Bilous
Agaya Johnson
Andrey Kuznetsov
Ekaterina Novak
Deniz Mostarac
Kirill Okrugin
Pedro Sánchez
Júlio Santos

ICMF has established itself as one of the most representative events in the field of magnetic soft matter. The series began in 1977 in Udine, Italy, and has since been held every three years in locations around the world. Recent editions include ICMF12 (2010, Japan), ICMF13 (2013, India), ICMF14 (2016, Russia), ICMF15 (2019, France), and ICMF16 (2023, Spain).

Registration/Abstract Submission Open:

1st of December 2025

Deadline for the Registration/Abstract Submission:

19th of April 2026

Notification of Acceptance:

26th of April 2026

Deadline for the Early-Bird Payment:

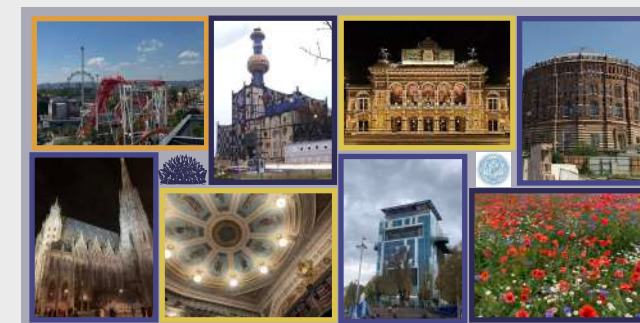

10th of May 2026

For ICMF17, our aim is to broaden the scope of the conference by building a bridge between the macroscopic properties of industrially relevant systems and the fine design of nanoparticles. We seek to connect ferrohydrodynamics with micro- and nano-magnetism, placing particular emphasis on biocompatibility and sustainability.

Vienna unites historical charm with a vibrant cultural life in the heart of Europe. A city of music, museums, cafes, and summer festivals, it is also renowned for its longstanding tradition in natural sciences, making it a fitting place for a week of exchange and discovery in July.

Travelling and Accommodation

Wide range of hotels, from budget to high-class. Easy to reach by trains and international flights. Participants will also benefit from special discounts when traveling with Austrian Airlines.
